Dear Mr. Krablin:

RE: Carr Fork Mine, ACT/045/004, Tooele County, Utah

We are in receipt of your July 26 letter summarizing the discussions held between Anaconda and the Division of Oil, Gas and Mining (DOGM) with regards to reclamation of the above-cited mine held at the Carr Fork Mine on July 22, 1985. Thank you for the courtesies extended to the Division during the presentation.

The conceptualized presentations indicate Anaconda's thorough approach to reclamation activities for Carr Fork. We are anticipating reviewing specific proposals for the reclamation of this operation in the very near future.

Please advise if there are areas in which you would like feedback from the Division as your reclamation plans mature.

Sincerely,

A handwritten signature in cursive script, reading "Lowell P. Braxton".
